Bulky Waste Information:

Dungog Shire Council is providing a Bulky Waste Clean-Up. This will allow collection of larger items and will enable items suitable for recycling to be diverted from landfill to maximise the life of this valuable resource.

Collections will occur **ONCE** at **each residence** during a five week period from **3 February 2025 —7 March 2025**.

Items are being collected based on your waste bin collection day.

Please place your items out the **SUNDAY BEFORE**.

Please see back of leaflet for details.

Waste collected should not exceed two cubic metres (more than 1 standard 7' x 4' level box trailer)

Bulky items must be of manageable size for two people to lift.

Please place waste into (2) separate piles:

- Scrap Metal and Whitegoods
- General Bulky Waste

All items are to be placed neatly next to the edge of the kerb (and not blocking the footpath).

LOOSE ITEMS must be tied securely with rope or string (not wire), into bundles or contained in sturdy boxes.
